By HENRY McLEMORE

United Press Staff Correspondent  
PASADENA, (UP)—Brother Toscanini, strike up the band and make it "Dixie!"

Aunt Jemima, set down the frying pan and do a stompety-stomp! Pickaninies, whang those banjos! And as for you, Uncle Mose, climb up on that cabin roof and shout it out:

Alabama 14, California 7.

That's my Rose Bowl selection, but how I arrived at it even I do not know. California admittedly is one of the strongest teams ever produced on the western coast. Several men on its team made all-America, and those who did not were so high up in the honorable mention list that they would have been the first substitutes sent in.

Alabama, on the other hand, didn't place a single player on the all-America and is thought to be the weakest team of the five that have made the trip from Tuscaloosa for the New Year Day battle.

## Wife Goes Free In Love Row

Doubt Exists Over Stabbing  
Of Rival, In Opinion Of  
Superior Court Judge

SACRAMENTO—Mrs. Ina Rogers, 38, of 4035 14th avenue, is not guilty of assaulting her love rival, Mrs. Elsie Tomkins, 44, of 1816 G street, a waitress, with a paring knife because of her asserted attentions to Sheridan Rogers, 43, a plasterer, of 1804 G St., the defendant's husband, Superior Judge Dal M. Lemmon decided Thursday.

Judge Lemmon freed Mrs. Rogers. He heard evidence last week and took the case under advisement.

Mrs. Tomkins testified Mrs. Rogers hid in the back seat of Rogers' car on October 13 and stabbed her and Rogers when they got into the machine.

Mrs. Rogers told a different story. She said she was waiting in the car to serve non-support papers upon her husband. She also said Mrs. Tomkins and her husband attacked her, and that she defended herself with the knife.

Judge Lemmon commented there was reasonable doubt in the case and for that reason he acquitted Mrs. Rogers. The case was tried without a jury.

## "Tobacco Road" Barred From Fresno Hall

FRESNO (UP)—Fresno memorial auditorium was denied to a road show production of "Tobacco Road," New York's stage hit, because city commissioners did not like the drama's "reputation" and considered it "more or less of a roughhouse" and not educational.

Members of the commission admitted they never read the play but pointed out that theater managers and sponsors in Fresno refused to endorse it.

A declaration of their intention to wed has been filed with the county clerk at Auburn by George DeBerry, 28, and Ruth L. Frazier, 20, both of Garden Valley. The declaration was made December 27.

### SGOBEL & DAY FRUIT DEBTS PROBED

Five-Man Committee Formed To  
Investigate Reorganization  
Of Shipping Firm

SACRAMENTO—General creditors of Sgobel & Day company, fruit and produce dealers with offices in Sacramento at 1416 Ninth street, have formed a five-man committee in San Francisco and are investigating plans for a reorganization of the firm.

Through their attorney, Anthony J. Kennedy of Sacramento, the company Thursday admitted liabilities of \$166,000 and declared it was unable to estimate the values of its assets.

The company set forth its intention to pay grower claims of \$43,000 in full in order to maintain their produce dealers' license and pay wage claims aggregating more than \$5,000.

Kennedy said payment of general creditors at even 25 cents of the dollar probably would be impossible if the growers' and employees' claims were paid in full.

### MARSHALL HUGHES RITES WILL BE HELD ON MONDAY

Funeral services for Marshall Hughes, who passed away on Thursday at his late home on Broadway, will be held Monday afternoon at 2 o'clock from the Masonic temple. The rites will be under the auspices of El Dorado Lodge No. 26, F. & A. M.

The rites at the graveside will be concluded by Masonic burial service and will include a tribute by the members of Placerville Aerie No. 889, F. O. E., of which Mr. Hughes was a charter member.

In addition to these fraternal affiliations, Mr. Hughes was a member of California Grove No. 1, U. A. O. D.

He is survived by one daughter, Mrs. Anna Benney, of Placerville, and by two sons, William, of Walnut Creek; and Marshall, of North Fork; by four grandchildren and two great-grandchildren in addition to two brothers and two sisters. The brothers and sisters are in the eastern states.

### ANCIENT LAKE DEPOSITS PROVE AMERICA ONCE LINKED TO ASIA

By HILLIER KRIEGBAUM  
United Press Staff Correspondent  
WASHINGTON, (UP)—Bones and rocks recently unearthed in China support the theory that Asia and North America once were joined by a land bridge over what is now known as the Bering Sea, Dr. Ralph W. Chaney, of the University of California told the geological society of America.

Deposits of an ancient lake in Shan-tung province included bones and leaf life comparable to those found on the impressions from primitive Asiatic continent in sediment of the Pacific coast states, he said. Apparently animals and plants migrated from one continent to the other.

Dr. Chaney, who uncovered the ancient rocks, said that they are from 15,000,000 to 18,000,000 years old.

Mr. and Mrs. Fred Baumhoff leave Sunday for their home at Centerville, Idaho, following a Christmas visit here with relatives and friends. William Baumhoff will go along for a visit.

### John C. Porter Died Thursday

Funeral Services For Native  
Of Latrobe Will Be Saturday  
From His Late Residence

John C. Porter, 70, a native and lifelong resident of the Latrobe section, passed away at his home on Thursday night. His passing came as a shock to his many friends, for although his health had not been of the best for about two years past, none suspected his condition was approaching a critical stage.

The funeral services will be held from his late residence at Latrobe on Saturday afternoon at 2 o'clock. Rev. Harold Morehouse, pastor of the El Dorado County Federated Church, will officiate. Interment will be at Bryant cemetery, according to arrangements as announced by Memory Chapel.

Mr. Porter was born March 25, 1867, at Latrobe, and during his adult life had engaged in farming in the district. He was the son of a distinguished pioneer family in the district and his father was a former county Supervisor.

The son inherited the splendid virtues of citizenship shown by his parents and his memory is held in high regard by a large circle of lifelong friends.

Although he had not been well for about two years, Mr. Porter was moderately active and the only recent marked change in his condition came when he took a slight cold. Despite this, he continued to perform the chores about his place and had returned to the house Thursday evening after attending to the necessary work. He complained then of not feeling well and said he thought he would lay down for a while.

A short time later when Mrs. Porter went to the bedside, she found his condition alarmingly serious and summoned a physician. Mr. Porter passed away about ten o'clock.

He is survived by his wife, Mrs. Lora A. Porter, and one sister, Mrs. Myra Nightengale, and one niece, Mrs. Geo. Zurluh, the latter residing at Fair-oaks.

### GENERAL MOTORS HEAD TO TESTIFY ON UNEMPLOYMENT

WASHINGTON, (UP)—President Wm. S. Knudsen of General Motors has advised the special senate committee investigation unemployment and relief that he will testify before it Jan. 6, as requested by chairman James P. Byrnes, D. S. C.

Knudsen delayed a field trip to hasten his appearance before the committee to describe employment conditions in the automobile industry.

Byrnes urged Knudsen, who ureviously had said he would be unable to appear before Jan. 28, to advance the date in order to give the committee his views on the "reported increasing unemployment in the automobile industry."

General Motors earlier this week announced that 30,000 men will be laid off and that the remaining 205,000 men will be cut to a three day, 24 hour work week.

Harry Cridge was in town from Shingle on Friday.

### NEW YEAR DAWNS IN SOUTH PACIFIC

1938 "Makes Bow" Early  
"This Morning" To Fisher  
Folk On Chatham Islands

WELLINGTON, New Zealand, Jan. 1 1938, (UP)—The New Year flashed across the international date line in the Pacific at 1,000 miles an hour today and half an hour later had reached here.

Some 200 shepherds and fishermen in the Chatham Islands, 414 miles east of New Zealand, celebrated the arrival of 1938 as early workers were going to their jobs in New York at 7:30 a. m. the last day of the old year. It was 1:30 a. m. December 31 in Honolulu and only 1 a. m. Dec. 31 in American Samoa, just across the date line from the Chatham.

The Chatham Islands are the nearest point on the "new" side of the line to the starting point of time. This is the British admiralty date line which curves east and west in the 180th meridian of longitude, so that it lies always in the sea.

### MRS. MARY A. PETERS TO BE LAID AT REST ON SUNDAY

The funeral services for Mrs. Mary A. Peters, who died on Thursday at the residence of her daughter, Mrs. Jack Scott, in Placerville, will be held on Sunday afternoon at 2 o'clock from Memory Chapel.

Burial will be at Kelsey Cemetery. Mrs. Peters, a native of Placerville, had made her home at Kelsey for many years.

She was the wife of John L. Peters, of Kelsey, and sister of Thomas Gregory, of Kelsey, and mother of Mrs. Scott, of this city.

### News Personals

Mr. and Mrs. Glen D. Stevens and District Attorney and Mrs. Henry S. Lyon and daughters, Betty, Jane and Evelyn, are among those who will welcome 1938 at San Francisco.

Mr. and Mrs. Oliver Pearson left on Thursday for their home at Santa Maria, having spent the Christmas holiday here with relatives and friends.

Forest Supervisor Edwin F. Smith and a crew of the staff were at Government Island on Thursday, returning a fleet of trucks to the supply base following the close of Snowline CCC camp.

### Evangelist Coming To Nazarene Church

Rev. C. P. Smales, pastor of the Placerville Church of the Nazarene, received word early Friday afternoon that Rev. E. E. Taylor, evangelist, will be in Placerville Sunday to conduct a special service at the Nazarene church on Sunday evening at 7:30 o'clock.

### TRAFFIC PERIL PROVED

PETALUMA (UP)—Twenty-four hours after writing a list of recommendations for decreasing traffic accidents and wherein he urged the necessity of suppressing the third lane, Traffic Officer Richard H. Trembath rode to his death in a motorcycle-automobile collision in a third lane.

## BABSON SCOFFS AT " RECESSION" SEES BETTER TIMES

Outlook For 1938 Encouraging After Slow First Quarter  
Of Year; General Average For Twelve Months Will  
Be About Ten Per Cent Less Than 1937, He Declares

By ROGER W. BABSON

BABSON PARK, Mass.—We are not entering a major depression; 1938 will see a resumption of the upward trend which began in 1933. The first quarter may be poor—much worse than the early months of 1937; but later in the year I look for a substantial revival. Do not confuse this current sharp recession with a major depression! Payrolls, prices, stocks, real estate, and jobs should all be on their way to new highs by the end of 1938.

### Babson's 1938 Outlook Is Summarized

Following are the segregated high-lights of Roger W. Babson's forecast of the business pattern for 1938:

BUSINESS: Big gain over current levels;

TREND: Strong uptrend; average below 1937;

CONGRESS: Will give business needed relief;

PRICES: 5 per cent over present level at wholesale;

FARMS: Income down; profits slightly lower;

LABOR: Few wage changes; more jobs in fall;

STRIKES: Big drop in strikes feature of year;

RETAIL TRADE: Sales below 1937; price tags lower;

LIVING COSTS: Clothing, food to lead minor decline;

BUILDING: Good pickup to begin by midyear;

REAL ESTATE: Values, active to improve; rents firm;

STOCKS: Strong rise as business picks up;

BONDS: Substantial advance in medium grades;

FOREIGN: Trade to slow down; no European war;

SUMMARY: 1938 to see resumption of recovery.

## Eagles Initiate Class Of 10

Twenty-Five More Preparing  
For Membership On Jan. 24,  
Officers Report

At their recent regular meeting, Placerville Aerie No. 889, F. O. E., initiated a class of ten candidates, and preparations are being made for the initiation of a class of twenty-five on January 24, according to an announcement by officers of the aerie.

The ten new members and the candidates to be initiated on January 24 are part of the Conrad H. Mann class, which opened on December 15 and which will close on February 5.

The next regular meeting of Placerville Aerie will be on January 10 and there will be motion picture entertainment.

Members of the aerie are planning to go to Sacramento on February 2, when Grand Worthy President John H. Heller, Jr., pays an official visit to Sacramento Aerie No. 9.

The ten recent initiates are Ray Spidell, L. C. Fisher, Leo Walker, Antone Walker, Ray F. Nichols, Lloyd L. Vye, Sheldon S. Parker, D. W. LeBourveau, Frank Roy and Fred Matulick.

### Jail Term Affords Man Time For Study

QUEBEC, (UP)—Albert Lemire returned to jail so he could "finish his plumbing course, get a new suit and \$50.

Judge Fortier gave the 30-year-old Montrealer his chance "to make good" by giving him a two-year term when he admitted breaking a liquor store window so he could return to his former home.

Lemire told the judge he had broken another liquor store window in Joliette some time ago, but had only got an eight-month sentence, which forced him to postpone his plumbing classes.

Edith Mitchell, Adele Landis, Jeanette Landis and Noreen Bonillo are among those who will greet the new year at San Francisco.

### WEATHER

Partly cloudy tonight and Saturday;  
no change in temperature.

The Dead Returns

By Harry F. O'Niell

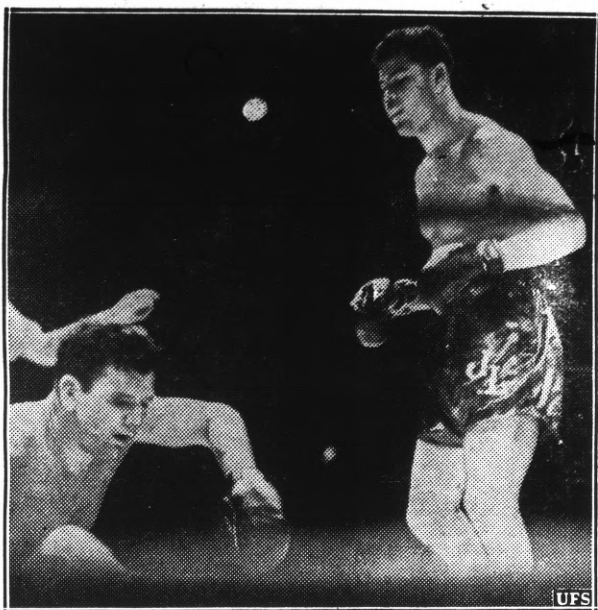

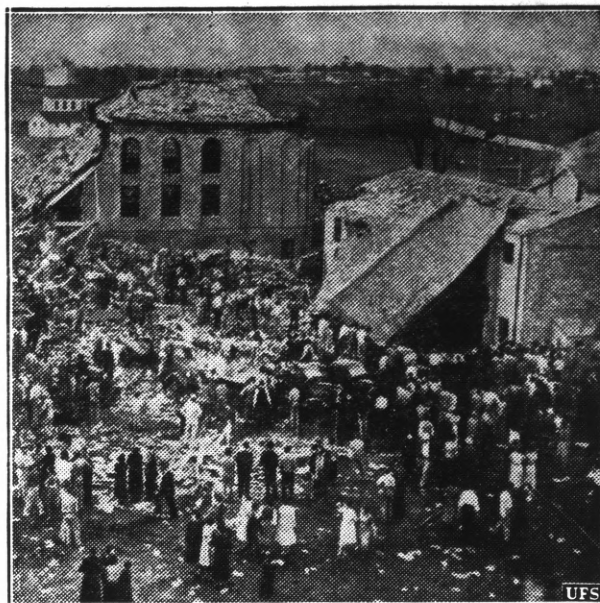

# Drama of Outstanding Events in 1937 Sees President Inducted, King Crowned

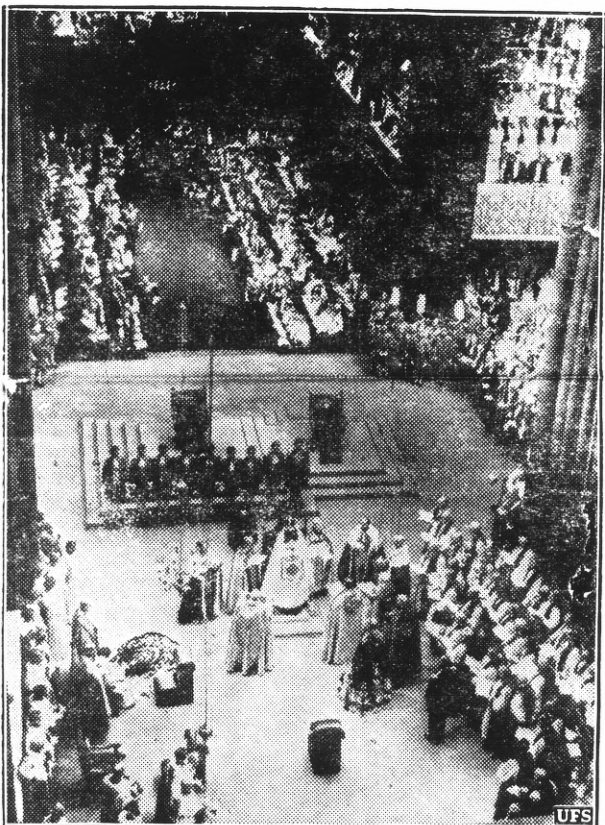

**"WOMAN I LOVE"**—Greatest romance of the century was that of Edward, Duke of Windsor, who renounced Britain's throne for Wallis Warfield, "the woman I love." They are shown above after their wedding on June 3 at Charles Bedaux's Chateau de Candé, Monts, France. At left, Herman Rogers, who gave the bride away. At right, Major E. D. Metcalfe, the Duke's best man.

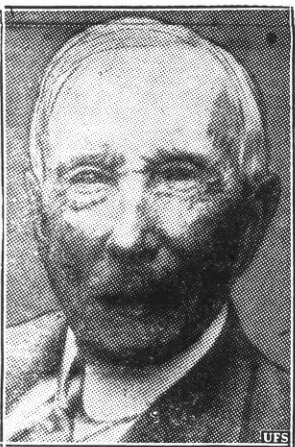

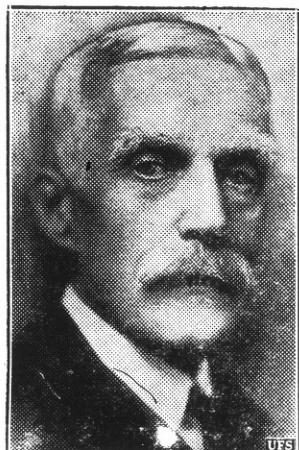

**LOUIS THE CHAMPION**—A new heavyweight boxing champion took the world title when Joe Louis, Detroit Brown Bomber, knocked out Champion James J. Braddock in Chicago, on June 22. Here is the final scene as pain-racked Braddock sinks to the mat in the eighth round. Louis successfully defended his title against Tommy Farr, Welsh boxer, in New York, Aug. 30.

**SCHOOL BLAST**—One of the worst disasters of the year was the gas explosion on March 18 that wrecked the main building of the Consolidated School plant at New London, Texas, bringing death to approximately 300 children. Above, frantic parents and scores of rescue workers search the ruins for the dead and injured. Mass funerals were held later.

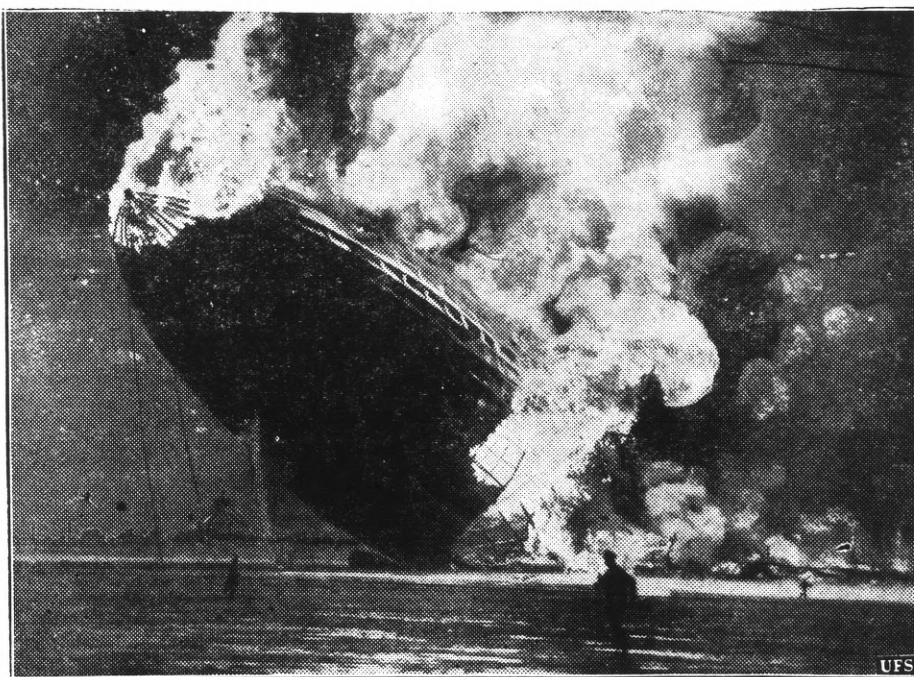

**KING GEORGE CROWNED**—Amid pomp and pageantry arising from hundreds of years of tradition, King George VI and Queen Elizabeth were crowned sovereigns of Great Britain in a colorful ceremony in Westminster Abbey, on May 12. This scene shows the Archbishop of Canterbury placing the crown on the King's head. Queen Elizabeth is seated in left foreground.

**RICH MEN DIE**—Death claimed two of the world's wealthiest men during the year. At top is Andrew W. Mellon, 82, banker, Secretary of the Treasury in three administrations, who died on August 26, at Southampton, N. Y.. Above is John D. Rockefeller, former oil czar, who died at Ormond Beach, Fla., at the age of 97. He had hoped to live to be 100 years old.

**AIR CRASH**—Worst disaster in aviation history was the air-liner crash in the Uinta Mountains, Utah, on Oct. 17, in which 21 persons died. Here a pack train is about to remove the oilcloth-wrapped bodies of the victims. © Salt Lake Telegram.

**DISASTER**—Soaring majestically over the field at Lakehurst, N. J., the giant German airship Hindenburg started to make a routine landing, on May 6, on a flight from overseas. Suddenly, before the startled gaze of spectators, the great ship burst into flames and fell, as above, a roaring mass. Thirty-six of its 97 passengers either were burned to death or died later. Included among the dead was the commander, Ernst Lehmann.

**MEMORIAL DAY RIOT**—Labor unrest caused many strikes and the word sit-down took on new emphasis. Unfortunate among the strikes was the riot on May 30 when police shot and killed 16 strikers at the Republic Steel plant in South Chicago, as above, injuring 78 others. Coroner's jury exonerated the police, on July 20. © Paramount News.

**SECOND TERM OF OFFICE**—While a drenching rain fell, on Jan. 20, Franklin D. Roosevelt took the oath in Washington, D. C., that inducted him into his second term as President of the United States. The scene is above. Chief Justice Charles Evans Hughes, left, administers the oath, with Supreme Court Clerk Charles Elmore Cropley holding the Bible. Behind the President is his son James. RFC Chairman Jesse Jones in right background.

## McLemore Picks 'Bama, 14-7

(Continued from Page 1)

ic, the bookmaker, sees nothing but the rose for California and the thorns for 'Bama. In the betting odds the home team is a tremendous favorite, and even those loyal sons of the south are asking points before they'll risk their money.

Be that as it may, I think Alabama is going to win.

California has but one line which is capable of executing the power plays it has used almost exclusively this season. Its replacements are only adequate. To stop this, Alabama has two lines of nearly equal strength, and it is my belief that the Bears' starting line will be unable to rip, ravel and tear two Alabama forward walls.

It is no secret that Alabama will rely on the forward pass to a great extent. In Moseley the Tide has a passer who is better than Dixie Howell, the sharp shooter who ran Stanford dizzy a few years ago. In this day and age I'll take the passing team over the power team.

Maybe I'll be proved wrong.

If I am I promise to take it nicely, experience having taught me how to withstand almost anything—but a winner.

## Babson Sees Better Times

(continued from page 1)

come tax into lower brackets will be proposed, but killed.

I look for a truce between the government and the utilities. More farm control legislation will be passed, continuing the huge federal farm outlays. Wage and hour legislation may go on the statute books, but in a milder form than originally proposed. The President will get only crumbs from his government reorganization proposal. Generally speaking, the marital status of Mr. Roosevelt and his big democratic congress will reach the legal separation stage—just short of Reno divorce proceedings.

The increase in unemployment relief and new pump-priming measures will keep public expenditures at a high level. Budget balancing cannot now be hoped for until the end of the 1939-40 fiscal year at the earliest. Hence, the trend of the past five years toward inflation will continue. It is vital that everybody remember this. Just because inflation is not making headlines now, do not conclude that it is not making headway. Inflation is the biggest factor in the long-pull business and investment outlook today!

Employment will improve as 1938 works along, but should average less than in 1937. The reasons? First, business activity opens the year 23 per cent below last January. Second, labor-saving machinery is being installed everywhere. Third, the railroads will employ less workers. Finally, "merit rating" systems in state unemployment insurance laws will militate against hiring temporary help. Hence, by next December, the number of jobless should total about 6,000,000 against 6,500,000 now and 5,500,000 at the 1937 business peak.

Taken as a whole, 1938 will not be as good for salesmen, merchants, and advertising people as 1937. Things are pretty slow right now and will continue poor into 1938. However, as the months tick away, the resistance clouds should blow off by late next year the seller's market should be on the way back. Then advertising linage will have another surge and commission checks will again bulge. The 1937 national income—estimated at \$70,000,000,000—will not quite be equalled despite 1938's strong second-half sprint.

The national income roughly determines the volume of retail trade. Hence, I expect retail sales will average less in 1938 than 1937. They will be slow during the early months; but

they will follow the strong business upturn as the monthly pages are torn off the 1938 calendar. By next Christmas, volume of retail trade will have a good chance of breaking all records since 1929. Shading of price-tags between New Year's and Easter will help to boost sales.

This drop in retail prices is good news for the householder. It looks now as though the cost of living which has been rising steadily since 1933 will give ground early in 1938. The average for the New Year, however, should show only a minor drop as food prices may touch off a new rise along about Labor Day. From current levels, your clothing will register a modest decline by next Christmas; food should be up slightly; coal will show little change; fuel oil will be firm to lower; and rents will be unchanged.

One of the major cogs in this current business recession has been the sharp letdown in construction. Building material concerns and building workers both shoved up costs out of all reason during 1936-37. A house which cost \$5,000 to build in December, 1935, would cost nearly \$6,500 today. Naturally, demand for new homes has been slowed up in face of this unwarranted boosting of costs. Home building is down 20 per cent from the 1937 peak, is below a year ago, and is still falling.

My thought is that it will continue to drop until after business has begun to retrace its steps late next spring. Sometime next year, however, home building should again be humming along. The 1937 peak may even be topped so that the average volume of new homes for the New Year could be above last year's levels. The new government housing plan could also give the industry a big lift. It is even possible that the home building boom I really expected to develop in 1937 will start late this coming spring.

Private non-residential construction, on the other hand, will be lower. I now see little incentive for new plant expansion next year. Public utility work, however, may take up the slack caused by WPA pulling in its horns on public works projects. A decline in building

## Radiogram Conveys New Year Greeting

County School Superintendent and Mrs. E. J. Fitzgerald report receipt of a radiogram from their daughter, Mrs. Dr. F. L. A. Gonzales, at Manila, Philippine Islands, conveying New Year greetings.

The message was received by Charles A. Cheatham, a member of the Radio Amateur Relay League, at his station, W6CUU, Beverly Hills, and was forwarded by mail to the parents.

## Flowers Fresh After 8,000 Mile Trip

WILMINGTON, Del. (UP)—Mrs. C. R. Richeson has received spring flowers in fine condition from a friend in Cape Town, Africa, a distance of about 8,000 miles.

The flowers, a species of narcissus, were sent by a friend, Mrs. L. Burnham, and kept in a refrigerator room aboard ship.

costs should help volume in the early months; but before 1938 closes costs will reverse their field again and be on their way to a new peak.

These higher costs will help real estate values. New home prices, which are now being shaded here and there, will strengthen. However, I hold little hope for an increase in old house values, barring drastic inflation. Good vacant property and modest well-laid-out modern homes are among the best investments a person can make today. For that reason I feel that 1938 is going to be a good year for realty men—with a slow start and an active finish.
